**EDITAL PROPPG Nº 29/2019
Apóio à Publicação de Artigos Científicos.**

Resultado Provisório (Chamada II)

Docente	Artigo	Periódico	Valor total R\$
Alexandre Rodrigues Silva	Comparison of different intracellular cryoprotectants on the solid surface vitrification of red rumped agouti ovarian tissue	Reproduction in Domestic Animals	
	Single injection of eCG/hCG leads to successful estrous synchronization in the collared peccary (<i>Pecari tajacu Linnaeus, 1758</i>)	Animal Reproduction Science	1394,15
	Vitrification of collared peccary ovarian tissue using open or closed systems and different intracellular cryoprotectants	Cryobiology	
	Comparison of different intracellular cryoprotectants on the solid surface vitrification of red rumped agouti ovarian tissue	Cryobiology	
Alexsandra Fernandes Pereira	Production of collared peccary (<i>Pecari tajacu Linnaeus, 1758</i>) parthenogenic embryos following different oocyte chemical activation and in vitro maturation conditions	Theriogenology	609,26
Aurélio Paes Barros Júnior	Selection of watermelon accessions for resistance to some important potyvirus species based on serological evaluation	Australian Journal of Crop Science	1.910,00
	Agro-economic profitability of sweet potato cultivars as a function of the harvest age and times of cultivation in the semi-arid	Bioscience Journal	
Carolina Malala Martins Souza	Pedogenesis in the Barreiras Formation Under Climates of Rio Grande do Norte, Brazil	Journal of Agricultural Science	1.512,00
Cecilia Calabuig	Assessment of Rabies and Canine Distemper Viruses in Road-Killed Wildlife Mammals From the Semiarid Region of Northeastern Brazil	Tropical Conservation Science	3.000,00
Clarisso Pereira Benedito	Physiological maturity of <i>Tabebuia aurea</i> (Silva Manso) Benth. & Hook. f. ex S. Moore seeds	Journal of Seed Science	
	Physiological quality evaluation of <i>Piptadenia stipulacea</i> (Benth.) Ducke seeds by tetrazolium test	Revista Ciência Agronômica	1.156,00
	Hidrocondicionamento de sementes de <i>Piptadenia moniliformis</i> Benth. e seus efeitos sobre a tolerância ao estresse salino	Ciência Florestal	
Daniel Cunha Passos	Rediscovering a forgotten scientific collection in the Rio Grande do Norte State, Brazil: The herpetological collection of the zoologist José Santiago Lima-Verde	Biota Neotropica	380,00
Eudes de	Stability, adaptability and shelf life of Cantaloupe melon hybrids	Revista Brasileira de	938,16

Almeida Cardoso	Biometry of the Characteristics of Cajazeira (Spondias mombin L.) Stone in Northeast Brazil	Fruticultura Revista Brasileira de Fruticultura	
Fábio Francisco da Costa Fontes	A variable neighbourhood decomposition search approach applied to a global liner shipping network using a hub and spoke with sub hub structure	International Journal of Production Research	1.000,00
Francisco Bezerra Neto	Agro-economic viability from two croppings of broadleaf vegetables intercropped with beet fertilized with roostertree in different population densities	REVISTA DE LA FACULTAD DE CIENCIAS AGRARIASUNCUYO	2.298,45
Janilson Pinheiro de Assis	Biometry of the Characteristics of Cajazeira (Spondias mombin L.) Stone in Northeast Brazil	Journal of Agricultural Science	949,05
Jeane Cruz Portela	1- 2 -Ethnopedological Studies to Characterize Neosols at the Brazilian Semiarid Region - Characterization of Physical-Chemical and Structural Soil Attributes in the Semiarid Region of the Rio Grande do Norte State, Brazil	Journal of Agricultural Science	3.000,17
Joao Marcelo Azevedo de Paula Antunes	Antibodies against Toxoplasma gondii, Leishmania spp., and Leptospira spp. in Free-ranging Six-banded Armadillos (<i>Euphractus sexcinctus</i>) from Northeastern Brazil	Journal of Wildlife Diseases	1.425,00
José Luís Costa Novaes	Metacommunity organization in an intermittent river in Brazil: the importance of riverine networks for regional biodiversity	Aquatic Ecology	1.050,00
Leilson Costa Grangeiro	Agronomic and qualitative performance of densely cultivated onion cultivars as affected by potassium fertilisation	Revista Caatinga	
Lindomar Maria da Silveira	Yield and quality of densely cultivated onion cultivars as function of nitrogen fertilization	Revista Brasileira de Engenharia Agrícola e ambiental	1850,00
Miguel Ferreira Neto	Production costs and profitability in coriander fertilised with <i>Calotropis procera</i> under organic cultivation	Revista Ciência Agronômica	1.290,00
	Yield and quality of cherry tomato fruits in hydroponic cultivation	Bioscience Journal	
	Production of ambarella seedlings treated with indole butyric acid and irrigated with reused water	FLORESTA	
	Growth and biomass production of prickly pear in the second cycle irrigated with treated domestic sewage	Bioscience Journal	2850
	Ethnopedology in production units at canto da ilha de cima, são miguel do gostoso-rn, brazil	Bioscience Journal	
	Nutrient support via fertigation with domestic effluent and growth of	Semina-Ciencias
